Times (to be determined), extended times will also be available  
Not all children excel in the same area - art, music, or sport. Therefore, we focus on all three and the children will leave with a smile. Each day will be filled with activities which include praise and worship, crafts, several sports, and a Bible lesson with memory verses.

## VACATION BIBLE SCHOOL

July 16-20, 2012

8:30 a.m. - Noon (M), 9:00 a.m. - Noon (T-F)

A highlight of our summer programs is Vacation Bible School. This is a week-long experience. VBS 2012 will challenge children to trust God and learn Bible stories from the life of Jesus Christ. The Bible will come to life through lessons, crafts, music, recreation, and a snack which the children create themselves.

## iGO GREEN CAMP

July 30 - August 2, 2012

9:00 a.m. - Noon

Completed Grades K - 2nd

Room 101 and Bain Hall, Hunter Building

Cost - \$40

The iGO Green Camp will draw on children's innate curiosity about science through hands-on activities that teach about the seven days of creation. Not only will the children learn the events of each creation day, but also what creation reveals about God. As we learn more about Him through His creation, children have the opportunity to learn ways to take care of His world and have the opportunity to enter into a deeper relationship with Him.
